SUPERIOR QUALITY HARDWARE THAT'S DESIGNED TO LAST

DOUBLE-TENSION SPRINGS

Exclusive low profile dual spring design increases performance and durability. Spring sets include vinyl sleeves for added deck protection.

BRASS DECK ANCHORS

Industrial-grade ultra sonic hardened anchors retract to blend into your deck surface during pool season.

Anchor shown with optional decorative brass flange.

POSI-LOCK BUCKLE

Stainless steel components combine with Posi-Lock engineering to ensure unsurpassed deck anchoring strength.

HEAVY-DUTY STRAPS

CoverScapes utilizes a dual strapping system sewn together on both sides of the cover with a triple-stitched seam.

EXTREME PERFORMANCE UPGRADE PACKAGES

HEAVY-DUTY SUSPENSION AND REINFORCED PADDING UPGRADE PACKAGES NOW AVAILABLE ON ALL COVERSCAPES COVERS.

Add the ultimate load bearing protection of extreme performance double-tension springs and super durable perimeter padding to cushion the cover and deck from chaffing damage.

Suspension system shown with optional decorative brass anchor flange.

PROTECTION

Every cover we sell is manufactured for extreme performance and safety. We have a full line of safety covers designed to give you peace of mind.

POOL PROTECTION FOR CHILDREN, PETS & DEBRIS

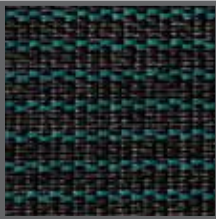

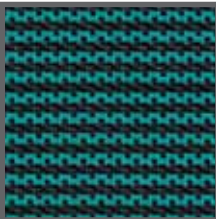

CoverScapes pool covers are an attractive and functional addition to your outdoor environment. Our covers provide peace of mind by creating a protective barrier that keeps everything out of the pool, including mother nature. It's also comforting to know when you open your pool there will be inviting, clean water waiting for you with minimum maintenance to get your summer started.**

** Properly winterizing your pool in conjunction with a CoverScapes safety cover will provide maximum protection against algae growth. With 91% sunblock, the 5000M™, may be less effective in minimizing algae growth in certain installations.

ASTM SAFETY STANDARDS

CoverScapes materials and hardware locking systems are rigorously tested to meet or exceed ASTM safety standards.^{††}

To comply with ASTM safety standards:

[†] Solid vinyl covers must be equipped with an automatic pump or have built in mesh drainage panels to remove standing water.

^{††} Your particular pool design may have special features that do not meet ASTM standards. Please consult your pool professional when purchasing a cover.

ASTM standard F1346.91

Custom engineered pool covers
provide optimum protection for every pool shape.

WHAT SETS OUR COVERS APART?

✓ **Advanced Technology to Protect Your Children and Pets**

Our covers are manufactured with superior thread, integrated with densely woven mesh to produce extremely durable covers. With commercial-grade hardware our covers can hold 4000 pounds of weight—providing peace of mind.

✓ **Saves Money**

Pools that have a safety cover, require less maintenance and chemicals at the opening of your pool season.

✓ **Improves the Appearance to Your Backyard**

It's time to stop looking out your windows at unsightly tarp and water tube type covers. Replace those covers with a CoverScapes cover and improve the overall look of your backyard.

✓ **It's Easy**

After the initial dealer installation, you can easily remove your cover and store it in the handy bag that is included with your purchase. The cover can be neatly stored and put away until it is time to close your pool for the season.
