

IMAGE-LOC by LOOP-LOC

No more A-B
measuring!

IMAGE-LOC, the easy way to measure
any new pool or replace an existing cover
with just a camera.

With IMAGE-LOC technology, you never have to A-B measure again.
Follow our simple instructions, and all it will take is one person, one camera
and 10 minutes to get a perfectly fitting replacement safety cover.

ORDERING A REPLACEMENT POOL COVER FROM LOOP-LOC IS A SNAP!

Introducing IMAGE-LOC, the easy way to measure for any replacement cover using a camera.

With IMAGE-LOC technology, you never have to box up an old cover and send it back, or A-B measure. In fact, measure any time of year while the old cover is still installed. Follow our simple instructions and all it will take is one person, one camera and 10 minutes to get a perfectly fitting replacement cover.

- No more boxing up and shipping dirty old covers
- Image-Loc any existing cover, no matter the original manufacturer
- One-person operation saves labor and money
- Price quotes in hours, not days or weeks

To learn more, visit our dealer center at looploc.com, sign in and view the the IMAGE-LOC video, or call Customer Support at 1-800-LOC-LOOP.

No more messy bulky boxes!
No more A-B measuring!
