

Classic POOLS

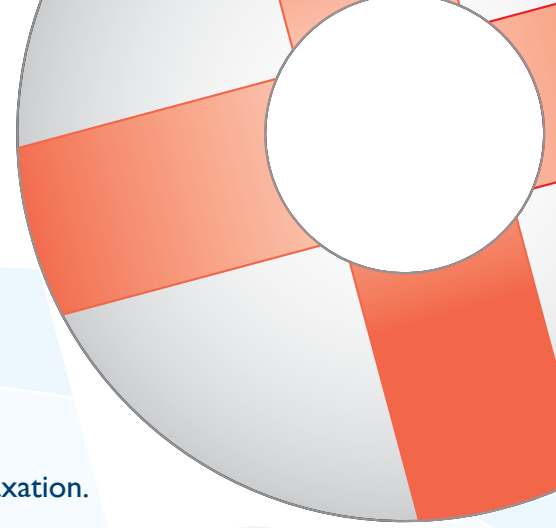

CREATING MEMORIES . . .

Distributed By

safety

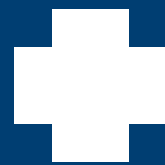

- Your pool can give you, your family and guests many years of fun and relaxation.
- Take the responsibility for safety.
- Any recreational activity that involves water poses a risk of personal injury. Swimming in an inground pool is no exception. Your awareness and understanding of safety practices and rules pertaining to the use of inground pools can reduce the risk of serious injury.
- Read the Association of Pool and Spa Professional's excellent brochure: "The Sensible Way To Enjoy Your Inground Swimming Pool" to learn how to avoid swimming related accidents.
- Don't allow diving or jumping in your pool. Remember, alcohol consumption and swimming do not mix.
- Carefully supervise all the swimmers in your pool - especially small children. They're your responsibility.
- Always secure your pool from unsupervised and unauthorized use.
- Make sure signs, stickers and labels are posted and clearly visible and that rescue devices, such as life rings or ropes are nearby.

IMPORTANT SAFETY TIPS

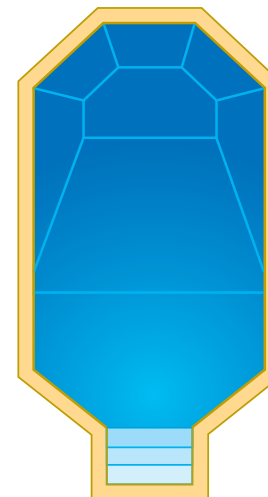

Notice: This brochure is for illustrative purposes only. The fabricator makes only those representations which are stated in its written warranties. Any other representations, statements or contracts made by the dealer and/or the contractor to the customer regarding any materials produced by the fabricator are attributable only to the dealer and/or contractor. The dealer or contractor who sells or installs your pool is not an agent or employee of the fabricator.

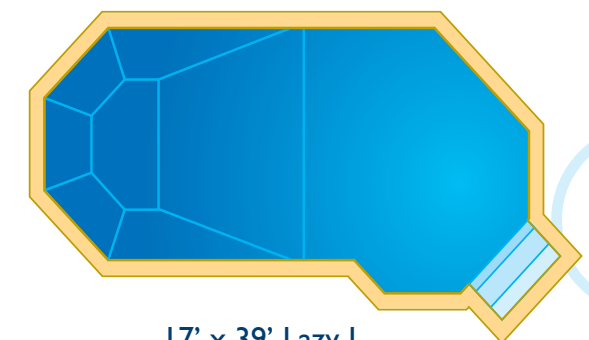

All pool sizes depicted in this brochure are approximate. Ask your dealer for blueprints.

Caution: The use of diving and sliding equipment can be hazardous. The fabricator does not recommend the use of these appliances. If used, care should be exercised to use only equipment meeting the recommended safety codes established by the Association of Pool and Spa Professionals. Pools are designed and intended for private residential use only.

STEEL

BUILT TO LAST A LIFETIME

GUARANTEED

16' x 35'
18' x 39'
20' x 41'

lifetime

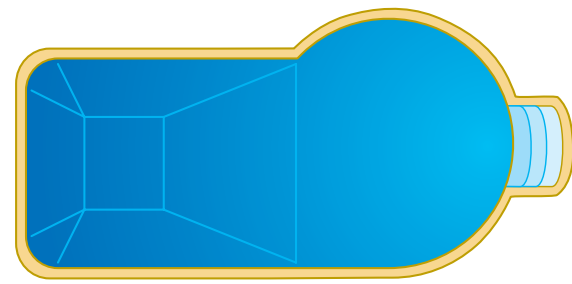

Our Commitment to excellence has kept our customers swimming for years. We help make the good life great through careful attention to detail and stringent quality control measures. You and your family see years of enjoyment. Underneath, however, your pool is constructed to last forever. The built-to-last design rests on a unique engineering and manufacturing process which incorporates the use of sturdy steel wall panels and components excellent for pool construction. Heavy gauge steel coated with the highest amount of zinc protection in the industry insures unrivaled durability. That's why we confidently offer a lifetime warranty.

Extruded aluminum coping locks the cement deck of your pool to the steel walls. This procedure allows the deck to be poured right up to the edge of the pool. A textured finish which complements the strength of steel provides a lovely, flawless border. Our customers receive a pool that performs as well as it looks with trouble free maintenance.
