

# Where Safety is Priority

A Royal Pool will bring you and your family years of enjoyment and relaxation. With any recreational water activity, however, there is always the risk of injury. For the continued enjoyment of your backyard swimming experience, please follow the following safety tips:

1. **Read Safety Literature** including the Association of Pool and Spa Professionals' brochure, "The Sensible Way to Enjoy Your Inground Swimming Pool."
2. **Do Not Allow Diving or Jumping** into the pool or running around the pool, and avoid alcohol consumption. The use of diving or sliding equipment can be hazardous. Imperial Pools, Inc. does not recommend the use of these appliances. If used, care should be exercised to use only equipment meeting the recommended safety codes established by the Association of Pool & Spa Professionals.
3. **Stay Alert** and carefully supervise all the swimmers in your pool—especially small children.
4. **Install a Fence** to secure your pool from unsupervised and unauthorized use.
5. **Use Safety Signs** and labels and keep rescue devices nearby, such as life rings or ropes.
