Swimming Pools

Your Backyard Vacation!

How would living at a resort change your life-style?

Remember how relaxed you felt on that great vacation? Now picture having a little piece of that every day. A new pool will change more than the look of your yard — it will change the look of your life!

Interior Finishes™

Soft to the touch, our interior pool finishes come in a variety of alluring patterns and are simple to replace, allowing you to renew your pool's interior to change with you over time.

We have invested in state-of-the-art manufacturing equipment and combined it with time tested sealing methods. This allows us to flawlessly bind two pieces of material together leaving all seams almost undetectable, strong and water tight.

Introducing the New Benchmark in premium pool interior finishes

This material is custom-formulated to match the strength and performance of heavier-gauge liners while maintaining the flexibility and precise fit found in lighter-weight options.

Your Passport For Life!

Passport Pools are built with panels constructed of the highest quality, 14 gauge, G-235 zinc-coated, galvanized steel available and fortified with pioneering Imperial Armor Guard, an additional layer of protection designed to prevent corrosion and extend the life of your panels.

Neptune Robotic Cleaners

Spend more time enjoying your pool and let your Neptune robotic cleaner do all the work for you. They clean everywhere keeping your pool surfaces spotless.

Trident Rechargeable Handheld Vacuums

Our cordless handheld vacuums are rechargeable, lightweight and easy to operate, but don't be fooled! The powerful motor makes debris removal a breeze!

A Step Forward

Passport Pools feature the most aesthetically pleasing entry systems on the market, with a variety of options, including wedding cake stair and bench combinations, cuddle coves, sun decks, and much more.

You can't get a stronger stair and your design options are endless!

With more patents than any other, our steps are designed for maximum area and comfort.

Passport Pools offers Whitewave Spas and custom spillover spas, a soothing and therapeutic alternative to swimming!

Where Safety is Priority

A Passport Pool will bring years of enjoyment and relaxation. With any recreational water activity, however, there is always the risk of injury. For the continued enjoyment of your backyard swimming experience, please follow these safety tips:

1. Read Safety Literature including the Association of Pool and Spa Professionals' brochure, "The Sensible Way to Enjoy Your Inground Swimming Pool."
2. Do Not Allow Diving or Jumping into the pool or running around the pool, and avoid alcohol consumption. The use of diving or sliding equipment can be hazardous. Imperial Pools, Inc. does not recommend the use of these appliances. If used, care should be exercised to use only equipment meeting the recommended safety codes established by the Association of Pool & Spa Professionals.
3. Stay Alert and carefully supervise all the swimmers in your pool—especially small children.
4. Install a Fence to secure your pool from unsupervised and unauthorized use.
5. Use Safety Signs and labels and keep rescue devices nearby, such as life rings or ropes.

Shapes & Sizes

Our gallery features 80+ pool shapes, sizes and interior finishes to complement your outdoor living area and suit your style. With the design flexibility of steel, you can design your own inground pool, any shape or any size. Ask your Passport Pools dealer about a custom-build that is uniquely you. If you can dream it, we can make it.
